Managing Partner - Asphalt Concepts 843-303-0118 Paul.gawrych@gmail.com

3. CONTRACT DOCUMENTS - Section 00410, Bid Form:

Murray Avenue is being removed from the project. Please mark through Murray Avenue - 28th St to 30th St (0.12 miles) and its entirety in the Bid Form and initial.

4. APPENDIX ITEMS:

Appendix Item J (*Typical Section*) and Appendix Item N (*Roadway Summary*) have been revised. Please see attached.

5. QUESTIONS:

Below are questions that have been received.

- a. Birch and Cypress have existing speed bumps (4 and 6 respectively). Are they to be replaced and if so, will an item be added for them?

 The speed bumps will be removed.
- b. On Virginia (B), can we change this to one typical section instead of having to change mixes and methods halfway through this street section?

 We will use 75 LBS/SY leveling & 110LBS/SY 9.5MM.
- c. On 1st St, there is an item for Brickpavers. Can we get a detail or some more information about these please?

 Please contact Asphalt Concepts for more information.
- d. On Lake, is the on-street parking in front of the school to be included in the resurfacing? It doesn't appear so at this time by the measurements and also there isn't any striping set up for this.

 We are only paving Lake Dr, not the parking.
- e. There is a detail for riser rings in the specifications so I am assuming that we can use them to raise manholes and valves as long as they aren't stacked. *Yes. this is an alternate bid item.*
